

This is a brief overview of Tookan to help you smoothen your experience. Tookan is the result of our endeavors to bring you a world class product and we strive to empower you with the best features that we can.

## Tookan Dashboard

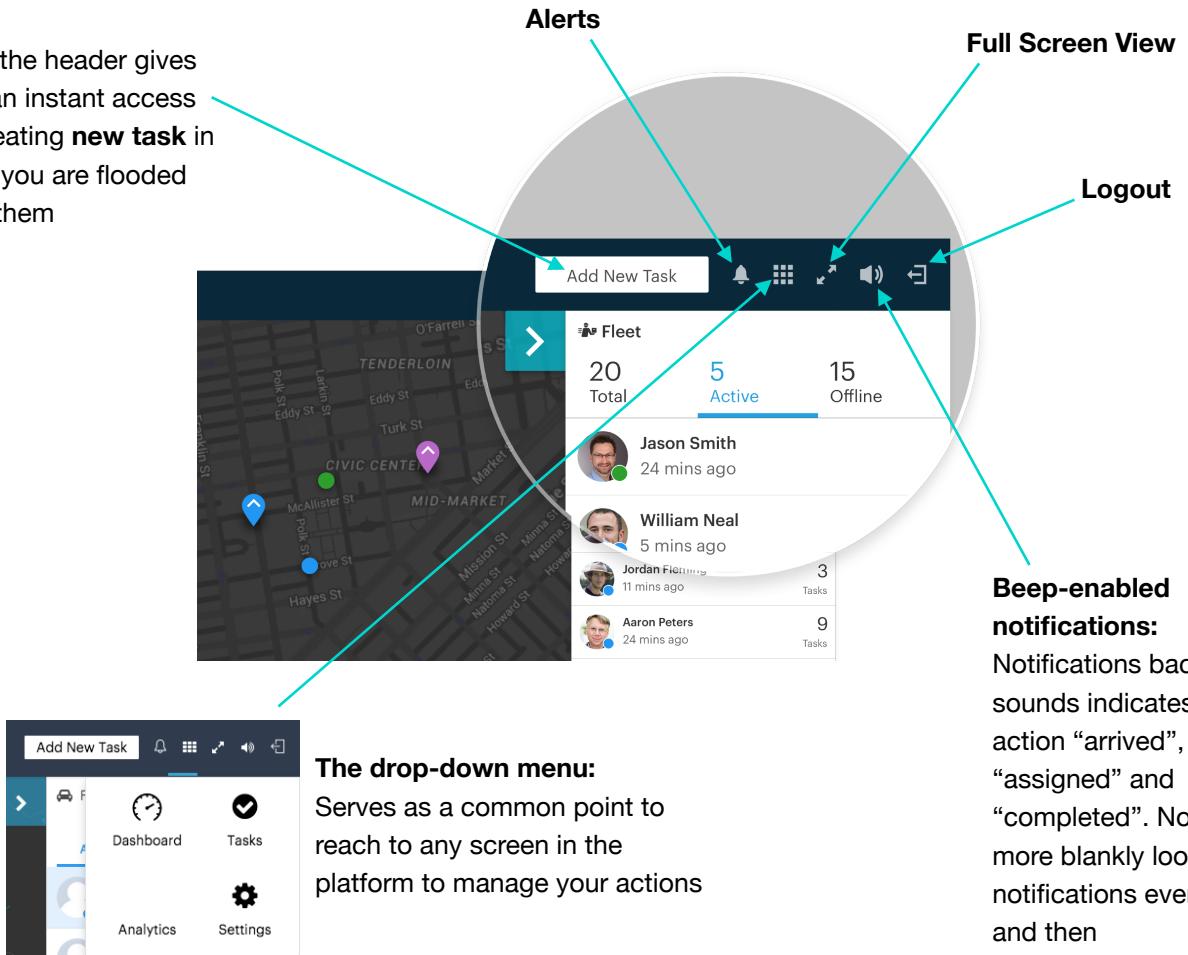

**Enhanced Dashboard:** With this update, this would be the new face of your dashboard. The header ribbon has added icons and features. The details of the tasks at hand and the driver details now appear on the same page as the live tracking map.

## Header Ribbon and associated features

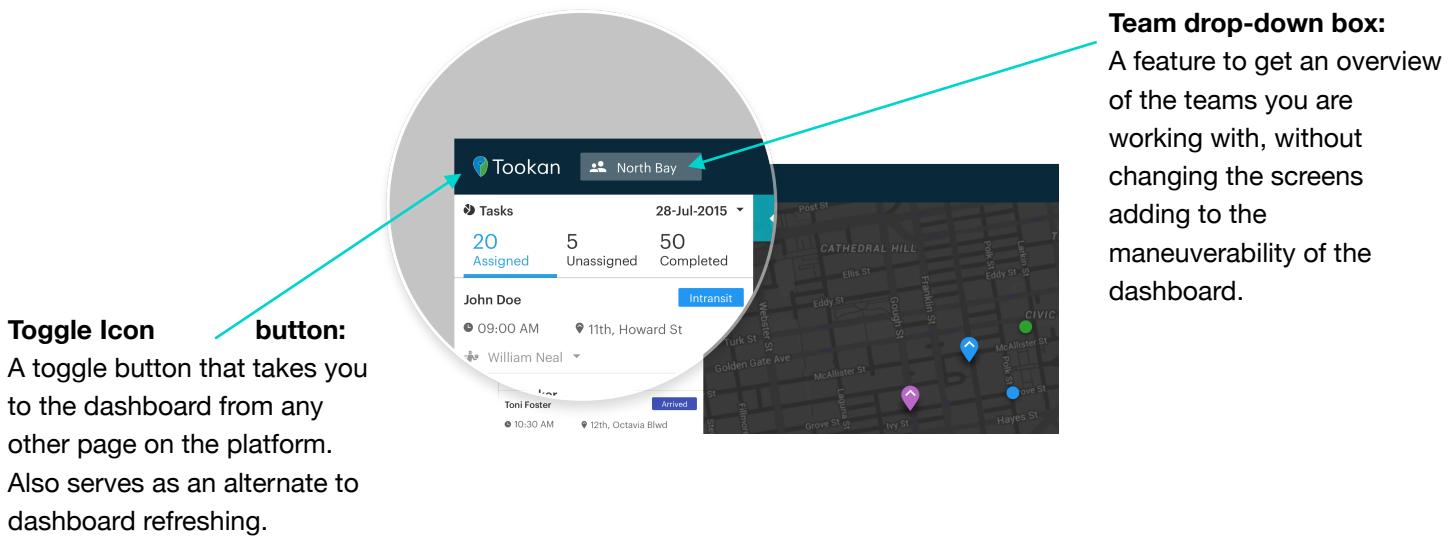

The top blue colored band running across your dashboard is the HEADER RIBBON.

On the top right corner of the ribbon, you can see the following icons:

Now the header gives you an instant access to creating **new task** in case you are flooded with them

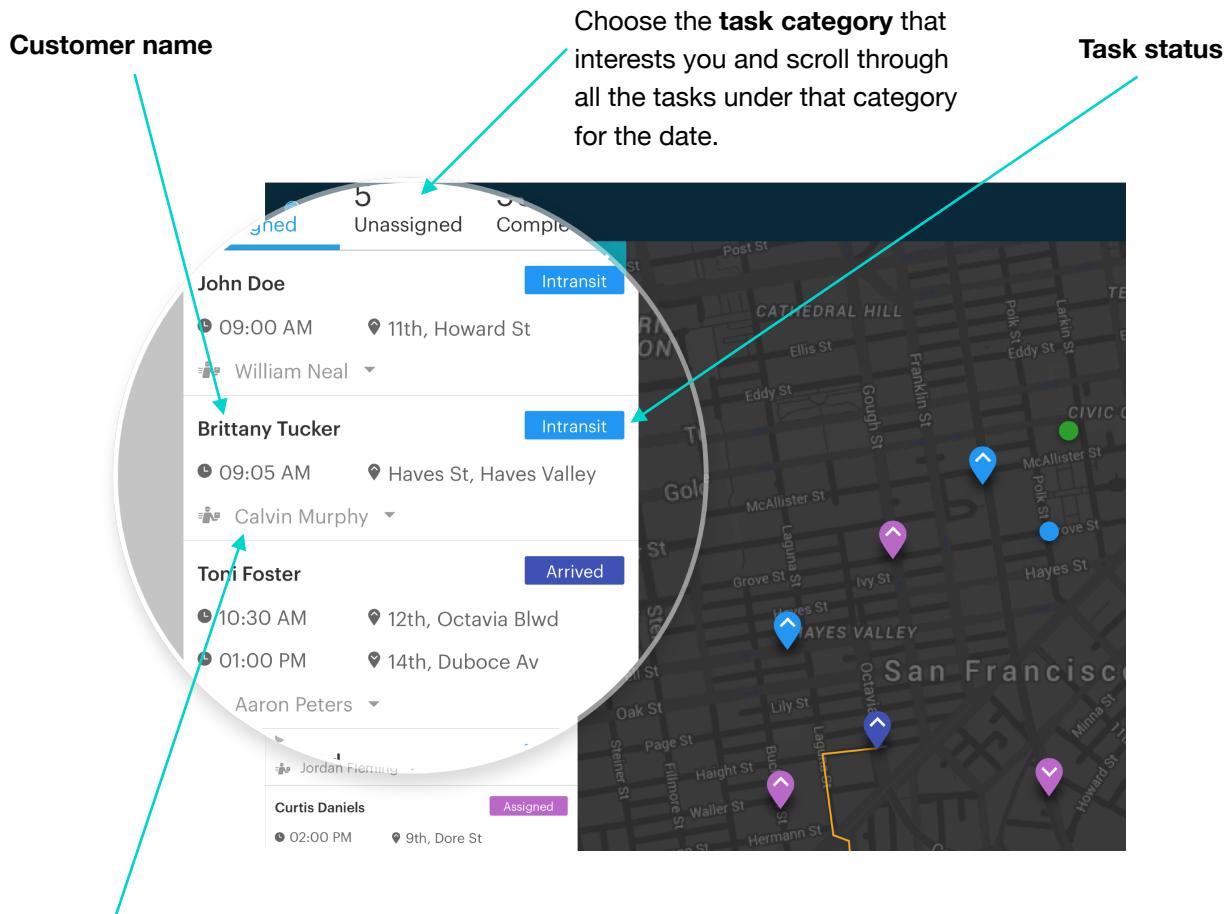

On the top left corner of the header ribbon are the following features:

## An Enhanced “Task” bar

A feature on the left side of the dashboard added to capture the dynamic nature of the task as they are added and change their status without the trouble of changing pages within the application.

### Assigned Driver name

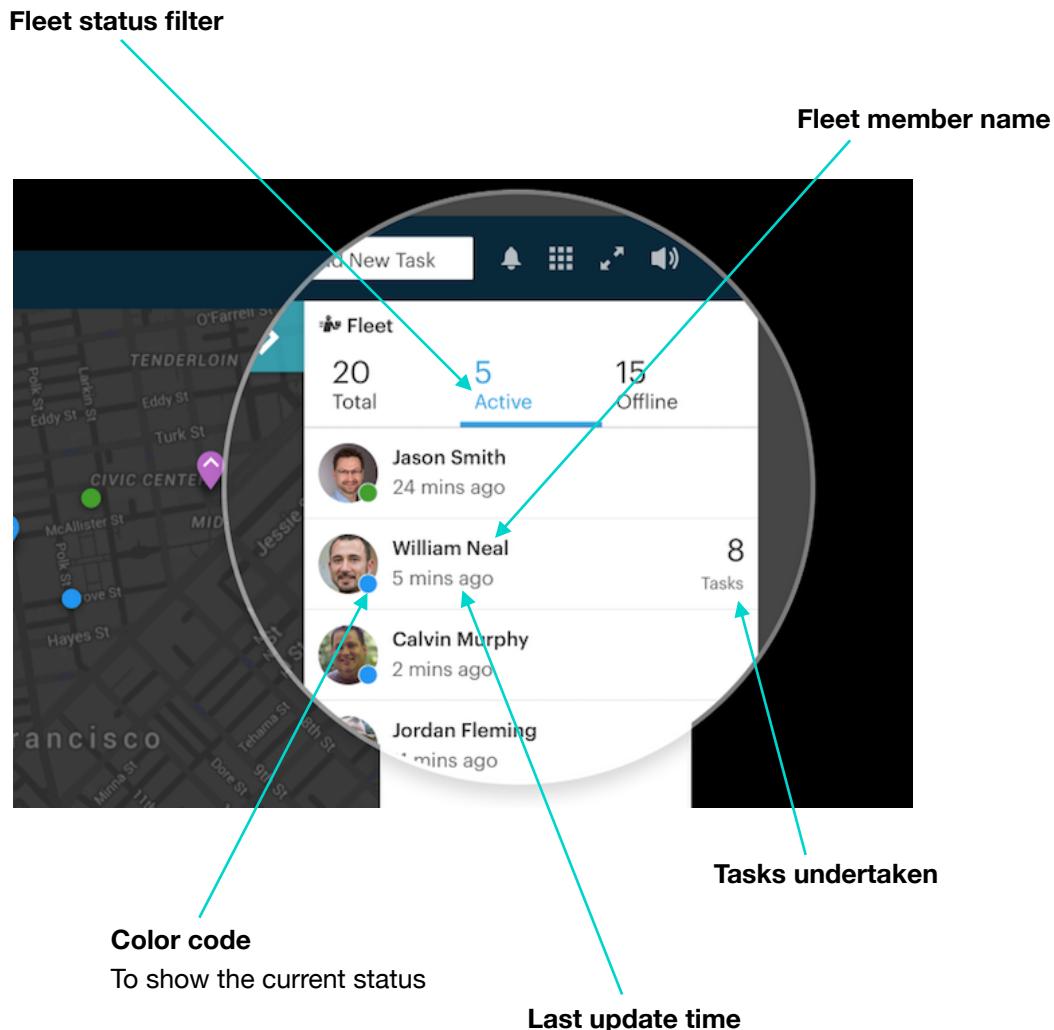

(In case of unassigned task, you can pop down the menu to assign it to a driver)

### Color codes for understanding the task status:

<span style="background-color: green; border: 1px solid black; display: inline-block; width: 15px; height: 15px;"></span>	Completed / Idle
<span style="background-color: purple; border: 1px solid black; display: inline-block; width: 15px; height: 15px;"></span>	Assigned
<span style="background-color: blue; border: 1px solid black; display: inline-block; width: 15px; height: 15px;"></span>	Intransit
<span style="background-color: darkblue; border: 1px solid black; display: inline-block; width: 15px; height: 15px;"></span>	Arrived
<span style="background-color: gray; border: 1px solid black; display: inline-block; width: 15px; height: 15px;"></span>	Unassigned
<span style="background-color: darkgray; border: 1px solid black; display: inline-block; width: 15px; height: 15px;"></span>	Pending
<span style="background-color: red; border: 1px solid black; display: inline-block; width: 15px; height: 15px;"></span>	Failed

## Fleet Side menu

Now you can find your fleet member assorted team-wise, and are better categorized. Added to this is a feature showing the number of tasks undertaken by them till a given instant of time.

### Fleet Side Color codes:

Idle

Intransit

Offline
